To Whom It May Concern:

If we were to describe someone that is effective, knowledgeable as well as committed, it would be Tyson Hermes with Hermes Construction.

Upon meeting Tyson, he immediately understood our goals and needs. He has taken the time to get to know us and the way that we operate. But the nice thing about Tyson is that he not only helped us to develop a plan to meet our goals, he has been an integral part of the implementation strategies to meet them. We believe this is based on his commitment to his work and that of his clients.

For instance, he has assisted us with processes related to zoning, property acquisition, financing as well as other investigations related to us gathering sufficient information to make decisions about the next steps regarding our project. At the onset of our relationship, neither of us knew that these tasks would be part of his help to us, but that did not hinder him from stepping in. In fact, his knowledge and insight has added an invaluable degree of support where if it had not been available, we may not be where we are today.

We trust that his services to you will not be anything short of what we have experienced. We would actually anticipate them to exceed what he has done for us, based on his ability to effectively take his gifts, talents and past experiences and integrate them into new projects. We would recommend him to anyone.

If would like to discuss in further detail our partnership with Tyson, please feel free to contact our Board Chair, John P. Scott at 859-292-8499 or [js\\_scottfamily@yahoo.com](mailto:js_scottfamily@yahoo.com).
